6.	The Militia inspects travel documents of all bus passengers in Stefan Karadzhovo and Saransko villages on all trips between Ruzhitsa and Yambol. In addition to identity documents, all travelers must have a certificate from the village medical officer stating that their cattle do not have hoof and mouth disease.
7.	Many people in Ruzhitsa listen to the Voice of America and British Broadcasting Corporation programs even though they are forbidden to do so.  Bulgarian and Soviet radio are considered simply propaganda mediums that falsify the news and are therefore not worth listening to.  25X1
8.	Ivan Nikolov Zhekov, a Militiaman on duty with an unidentified unit in Burgas became ill in approximately November 1951 and was still receiving medical treatment. It was rumored that his illness was really a bullet wound which he received in a clash with anti-Communist guerril25X1ype fighters.
9•	In November 1950, Khristo Boychev of Vulchi Izvor village died while on duty with an unidentified Militia unit in Burgas. It is believed in Vulchi Izvor and Ruzhitsa that Boychev was killed in a battle with anti-Communist guerrillatype fighters, because he was buried without even his wife being permitted to open his coffin to see him before the burial.
	1. Comment: The Ruzhitsa village agricultural cooperative was organized in 1950. It has more than 70 members and works an area of 3 000 decares.
